- Grade C: plain with basic finishes; less flexible layout; small floor plates; basic lobbies; generally without central air-conditioning; barely adequate or inadequate lift services; minimal to average management; no parking facilities.
- The indices are not restricted to the main districts shown in Table 2.2, and instead, they reflect the whole territory.
- Prices for properties in the New Territories were gradually added by district from the first quarter of 1984. Since the first quarter of 1987, all districts have been included.
- Since second quarter of 1991 price indices have been compiled in respect of units graded according to revised grading criteria. They are not strictly comparable to earlier indices.
- Since April 2000 price indices have been compiled in respect of units graded according to revised grading criteria. They are not strictly comparable to earlier indices.
- Due to rounding, the re-based indices here in respect of earlier years may differ slightly from converting past published figures.
- Also, a standard weighting method is adopted here to derive composite indices which for earlier years in the 1980s may not tally with past published figures using a different weighting mechanism.

Table 7.3**"Domestic Primary and Secondary Sales - Number of Sales and Purchase and Agreements and Total Consideration"**

This dataset contains data on domestic sales provided by RATING AND VALUATION DEPARTMENT.

Item	Description	Note
Month	MM-YYYY	Data Type: Text MM-YYYY (e.g. 03-1999)
Primary Sales Number	Number of domestic primary sales	Data Type: Number Numeric value indicates the number of domestic primary sales.
Primary Sales Consideration	Consideration of domestic primary sales	Data Type: Number Numeric value indicates the consideration of domestic primary sales (\$ million).
Secondary Sales Number	Number of domestic secondary sales	Data Type: Number Numeric value indicates the number of domestic secondary sales.
Secondary Sales Consideration	Consideration of domestic secondary sales	Data Type: Number Numeric value indicates the consideration of domestic secondary sales (\$ million).

Other Notes:

- The figures are sourced from Land Registry.
- The figures are derived from sale and purchase agreements of domestic units received for registration in the Land Registry for the relevant periods. They generally relate to transactions executed up to four weeks prior to their submission for registration. Sales of domestic units refer to sale and purchase agreements with payment of stamp duty. These statistics do not include sales of units under the Home Ownership Scheme, the Private Sector Participation Scheme and the Tenants Purchase Scheme, etc. except those after payment of premium.
- Primary sales generally refer to sales from developers. Secondary sales refer to sales from parties other than developers.

Table 7.4**"Non-Domestic Sales - Number of Transaction and Consideration by Property Type"**

This dataset contains data on non-domestic sales provided by RATING AND VALUATION DEPARTMENT.

Item	Description	Note
Month	MM-YYYY	Data Type: Text MM-YYYY (e.g. 03-1999)
Offices Number	Number of offices sales	Data Type: Number Numeric value indicates the number of offices sales.
Offices Number - Remarks	Remarks to number of offices sales	Data Type: Text "P" indicates the figure is provisional.

Commercial Consideration - Remarks	Remarks to Consideration of commercial sales	Data Type: Text "P" indicates the figure is provisional.
Flatted Factories Number	Number of flatted factories sales	Data Type: Number Numeric value indicates the number of flatted factories sales.
Flatted Factories Number - Remarks	Remarks to number of flatted factories sales	Data Type: Text "P" indicates the figure is provisional.
Flatted Factories Consideration	Consideration of flatted factories sales	Data Type: Number Numeric value indicates the consideration of flatted factories sales (\$ million).
Flatted Factories Consideration - Remarks	Remarks to Consideration of flatted factories sales	Data Type: Text "P" indicates the figure is provisional.

Other Notes:

- As distinguished from the Land Registry statistics on domestic sales, the figures here are based on the date on which an Agreement for Sale and Purchase is signed (or the date on which an Assignment is signed if there is no Agreement for Sale and Purchase), and not the date on which the document is submitted for registration.
- Figures do not represent all non-domestic sales. Other types such as industrial/office, storage premises, car parking spaces etc. are not included. Transactions of a whole building or comprising more than one property type are also excluded. Therefore figures presented here, particularly on the consideration, may have been under-reported.
