( ) 表示少於 20 宗交易。

上述指數並非限於表 2.1 所載的主要地區，而是包括全港各地區。

由 1991 年第二季起，租金指數均就新界定級別的寫字樓編製。這些指數不能直接與較早前的指數相比。

由 2000 年 4 月起，租金指數均就重新界定級別的寫字樓編製。這些指數不能直接與較早前的指數相比。

由於四捨五入關係，這裏較早年期重訂基期的指數，與以往出版的舊有指數計算而成的，會略有不同。

同樣地，在這裏，1980 年初的綜合指數已採用劃一的加權方法，這與過去已出版的數字採用不同的加權機制，未必吻合。

( ) Indicates fewer than 20 transactions.

The indices are not restricted to the main districts shown in Table 2.1, and instead, they reflect the whole territory.

Since second quarter of 1991 rental indices have been compiled in respect of units graded according to revised grading criteria. They are not strictly comparable to earlier indices.

Since April 2000 rental indices have been compiled in respect of units graded according to revised grading criteria. They are not strictly comparable to earlier indices.

Due to rounding, the re-based indices here in respect of earlier years may differ slightly from converting past published figures.

Also, a standard weighting method is adopted here to derive composite indices which for earlier years in the 1980s may not tally with past published figures using a different weighting mechanism.
